WEAKNESS OF RUSSIAN LINE

TARTLING NEWS FROM THE FRONT

Possibility of Japanese Establishing Themselves on Russian Soil Revealed by Dispatch From Gungshu—War News.

Gungshu Pass, March 23.—Japanese are following the Russian rear guard, which is moving north from San Eupa, at the rate of eight and a half miles daily. On both flanks the Japanese are operating wide turning movement, but the strength of the flanking forces has not been definitely ascertained. Two hundred thousand reinforcements from Russia may make it possible for Russians to meet the Japanese on anything like an even term.

Reports persist of a Japanese turning movement on both flanks of the Russian army. Chinese state the Japanese have recruited many Chinese bandits and that probably they are now able to count a superiority in cavalry as well as infantry. Captured Japanese report a terrible attack in the streets of Mukden March 10, when a big detachment of Russians, the last to leave the city, was entrapped by Chinese bandits and a few Japanese soldiers, who closed the city gates and blocked the narrow streets. According to the report, which is not confirmed, not a Russian escaped.

St. Petersburg, March 24, 1:45 a. m.—The possibility that if the Russian army should be unable to hold the lower line of the Sungari river at Chunchaihus, they would not only be compelled to retreat north to Harbin, but also further westward along the railroad, abandoning to the Japanese northern Manchuria and Russian maritime provinces as well, is the latest startling news from the front.

The strategic weakness of Linvitch's position as he falls back northward is made clear by a Gungshu dispatch, which points out that unless the Chunchaihus and Sungari lines, a scant hundred miles apart, can be held it will be difficult to maintain the position farther back before Harbin, where, with the front of the army paralleling the railroad, the practicability of the turning movement to completely sever communications and isolate the army 6,000 miles from home is too serious for Russian consideration.

In view of this possibility, the dispatch alludes to the advisability of immediately providing Vladivostok with war munitions and supplies for a two years' siege. The correspondent estimates the number of reinforcements needed to give Linvitch a requisite superiority in force at 200,000. That such a dispatch should have been permitted to pass the censor at the front is significant, and it is Linvitch has communicated a similar estimate of the situation direct to the emperor. It may count for his majesty's increased disposition to listen to peace counsels and open negotiations before the Japanese establish themselves on Russian soil. With Manchuria entirely abandoned to the Japanese and Vladivostok left as Russia's solitary sentinel on the Pacific, it is realized Russia will be practically at Japanese mercy in the matter of peace terms.

It can now be definitely stated that the decision to appoint Grand Duke Nicholas Nicholas to supreme command in the far east was reconsidered, because the outlook at the front does not warrant the risk of compromising the prestige of a member of the imperial family. Military authorities here believe that unless Linvitch is sure of his ability to hold the lower Sungari line he will risk his whole army in the fortresses and concentrate there as if he should be defeated his line of retreat lies to two sides of a triangle, the third side of which is open to the enemy's advance.

As the general staff view that Linvitch may be compelled to abandon the Sungari and retreat toward Lake Baikal, leaving Vladivostok in the hands of the Japanese, it is regarded as almost unwarranted by anything that is officially known there. It being pointed out that Oyama will have a long and laborious task to bring up an army of 200,000 or 300,000 men.

Meanwhile Russian reinforcements are arriving at Harbin at the rate of 1,200 men per day. Nevertheless, it is significant that there is now a well marked peace party at the war office.

THE RUSSIAN LOAN.

Of this amount the government savings bank takes one-fourth and private banks and an underwriting syndicate the remainder. The internal situation in Russia is a source of continual apprehension. In south Russia workingmen and peasants already are joining hands and from the Caucasus, Poland and other quarters encounters between discontented workers and police, with fatal consequences, are reported.

Therefore, time had come to place each upon a separate and independent basis. Deschanel referred to the United States as showing the beneficial effect of entire separation of church and state.

HONOR GIVEN AMERICANS

NAVAL OFFICERS GUESTS OF CUBANS

America's Sacrifices in Their Behalf Eulogized by General Gomez—Glowing Tribute Paid Roosevelt.

Havana, March 23.—The climax of enthusiasm over the visit of the American squadron was reached this afternoon at a luncheon in the National theatre to the American officers by veterans of the revolution. Prominent among those at the speakers' table were Minister Squares, Commanders Colby, Cowles and Barnett, Gen. Maximo Gomez, members of the cabinet, governor of the province, and the mayor of Havana.

General Gomez earnestly eulogized America's sacrifices on behalf of Cuba. He said Cubans were proud of the opportunity to honor representatives of the United States navy, army and government and would not forget their obligations to the great republic whose sons had made possible what Cuba had accomplished.

Secretary of the Interior Andrade, addressing the American officers, said they were heroes of the seas, knights errant of the twentieth century who without lust of conquest broke the chains of peoples who by virile actions proved themselves worthy of freedom. He also paid a glowing tribute to President Roosevelt, mention of whose name was received with prolonged applause.

Commander Colby, senior officer of the squadron, in behalf of the president and people of the United States, thanked the Cuban people for the magnificent reception given the visiting squadron and spoke of the high appreciation of the reception, especially by people in the streets and everywhere. He proposed a toast, "The republic of Cuba, her president and people, her brave men and beautiful women."

At the conclusion of Colby's speech the band played "The Star Spangled Banner," which was followed by "Bayamo," the Cuban national hymn. The guests stood and cheered both songs to the echo. The social event of the week was a reception to night on board the battleship Missouri.

BUFFALO BILL TURNED DOWN

HIS PETITION FOR DIVORCE REFUSED

Judge in Opinion Says Evidence Failed to Prove Allegations—Marital Unhappiness Caused by Plaintiff.

Sheridan, Wyo., March 23.—The district court to day refused the petition of Col. William F. Cody (Buffalo Bill) for a divorce. Judge Scott delivered an opinion of considerable length, reviewing allegations and evidence and giving his conclusions. He says evidence failed to prove the charge of poisoning, but that defendant administered instead remedies she deemed beneficial to her husband. Judge Scott cited a letter of Cody's daughter as proving unhappiness was caused by the plaintiff.

Judge Scott also found the charge of unbecoming conduct toward the colonel's guests was not proven, that there was no evidence that she had ever threatened her husband's life and that when attending the funeral of her daughter Arla in Rochester, N. Y., in February, 1904, she offered a permanent reconciliation and no answer came to this. She was an over-indulgent mother and wife, who always took pride in his success and always looked forward to his homecoming and made great preparations to receive him. Said Judge Scott:

"She entertained his guests with cordiality. She did not use profane language. The poisoning of his pet dogs was accidental. She never spoke disrespectfully of him to his friends or guests. She always accompanied him to the depot on his departures and was there to receive him on his returns."

The judge also called attention to the pride she took in having pictures of Cody in her home, even to having her dishes stamped or etched with his photograph. "In return for this wifely devotion," said the judge, "the plaintiff has been cruel to her and heaped indignities upon her. Even if it were true, the defendant had at times been impatient with him and such impatience has been considered as indignities. It is also true she had much to contend with."

A motion for a new trial will be argued at the next term of court.

LAI D TO REST

FUNERAL OF DR. LLOYD W. BROWN HELD THURSDAY

Impressive Services in Decatur and Island Grove—Profusion of Flowers—Eloquent Tribute by Dr. Short.

The funeral of Dr. Lloyd W. Brown was held at 10 o'clock Thursday morning from the residence of Dr. Everett J. Brown, 440 West Main street, Decatur.

The services were conducted by Rev. W. J. Davidson of the First Methodist church, assisted by Dr. W. H. Penhalligon of the First Presbyterian church. There was a large attendance of old friends of Dr. Brown and family, including several from out of the city. There was a profusion of beautiful floral tributes from close friends and one large box of handsome flowers from the Decatur Medical society. In all there was a wagon load of flowers.

The music was given by a quartet composed of Miss Grace Hubbard, Mrs. Bert Gher, D. L. Bunn and Al Lindmoor.

The services opened with the song, "Lead, Kindly Light," by the quartet. This was followed by the reading of the One Hundred and Third Psalm by Dr. W. H. Penhalligon, and Rev. W. J. Davidson then read the eighth chapter of Romans. These two passages of scripture were favorites of Dr. Lloyd W. Brown. He knew them by heart and often quoted from them.

Dr. Penhalligon offered a prayer, and the quartet sang, "Jesus, Lover of My Soul."

This was followed by an address by Rev. W. J. Davidson. Mr. Davidson was well acquainted with Dr. Brown and was well qualified to speak of the man and the beauties of his character.

The concluding paragraph of the eloquent tribute of Dr. Davidson was as follows:

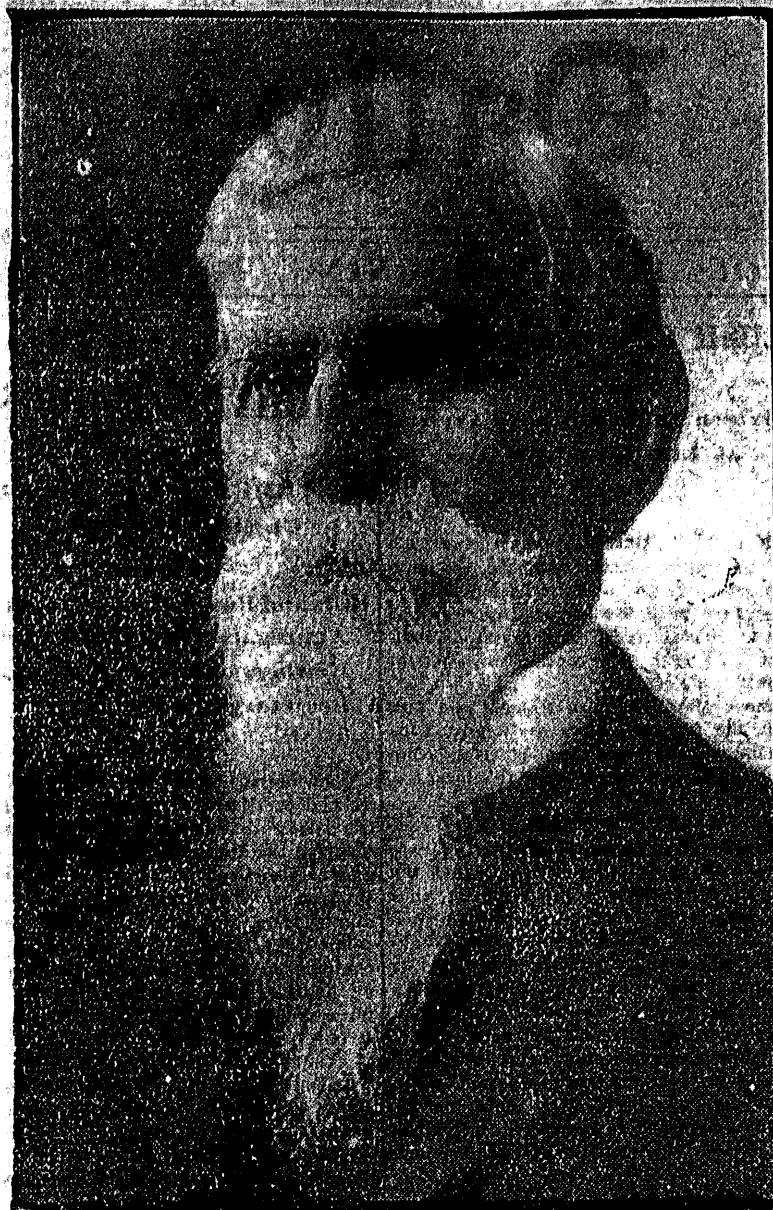

"To this man we have said farewell; but if we live our life in our sphere as truly and in as Christlike fashion as he lived his, we may hope to see him again. He has gone to his reward, serenely, hopefully, gladly, triumphantly. His stately soul has gone to its treasure above. May God help us to learn the lesson of a simple, beautiful life from the life which by the grace of God he lived."

The quartet chanted "It Is Well," and this closed the services at the house.

The body was taken to Island Grove. The funeral party left at 11:30 over the Wabash in the private car of Ed Goltra of St. Louis, formerly general manager of the American Car Wheel company of Granite City, who was an old friend of Dr. Brown and with whom he made a tour of Mexico last year. Mr. Goltra married a niece of Dr. Brown. Miss Kate Brown of Jacksonville, and she accompanied him to the funeral.

Those present at the funeral from out of town were the sons, William B. Brown and wife of Jacksonville, and Edward W. Brown and wife of Jacksonville; the nephew, D. Rees Browning of Jacksonville, and Mr. and Mrs. Ed Goltra of St. Louis.

The pall bearers at Decatur were

SECOND SERVICE.

At 2:30 Thursday afternoon another service was held at the Island Grove church, of which Dr. Brown was one of the founders. The service there was conducted by Rev. Dr. Short of Jacksonville. A few paragraphs from the excellent address of Dr. Short are given:

Text: "Mark the perfect man and behold the upright; for the end of that man is peace."

The terms perfect and upright in their ordinary signification, when descriptive of men, are respectively inclusive of character and conduct. When so applied they are always used in a qualified and not in an absolute sense. They indicate a high degree of completeness and worthiness of human nature and life. There have always been such characters that have served as examples, as worthy object lessons, to others. That office alone, apart from all other great attainments and achievements, renders an invaluable service to the world and enriches and ennobles the race. To be a good man is the best and greatest attainable service and honor possible to man.

The rarity of such makes them more noticeable and enhances their value. They are "living epistles" and should be diligently read and used to the profit of all men. They constitute the true and only real nobility and have the title to a divine aristocracy and kingship. Their worth and worthiness will appear in the analysis of the terms by which they are described by the Psalmist, "perfect" and "upright." The spiritual realm is as actual as the material. The facts of religion are as real

as those of any other class or kind. Not to know God as He may be known is the most lamentable and destructive of all ignorance and stamps the character as incomplete in that it is wanting the highest attainable intelligence.

Certain qualities of great moral value and excellence are only developed by reverential habits, such as humility, meekness, faith, hope and love.

Reverence is a marked and beautiful characteristic of the perfect man.

We grow and expand and attain completeness of nature by what we give out, rather than by what we absorb and assimilate. The true and real millionaires of the world are not those whose material assets are expressed by seven numerals and whose benefactions are written by the minus sign; they are not the takers, but the givers. The largest, the most valuable gift for the world's betterment is the gift of one's self which may be done by purse or hand or heart. Our Christ gave the world much in many ways, but His "unspeakable gift" was the gift of Himself, and so He became the one absolutely perfect man of the race.

The elements of character enumerated, intelligence, moral disposition, reverence and active usefulness unite in the formation of the perfect man.

That they existed and were exemplified in rare measure in the character and life of Dr. Lloyd W. Brown was manifest to all who knew him. Richly stored with the best forms of intelligence; a disposition so very Christ-like; a reverence that bowed at the shrine of all that is sacred, and manifold forms of usefulness, sometimes known, but often unknown even to the beneficiaries themselves; these qualities, under divine grace, united to make him, judged by the highest and best human standard, a "perfect man."

We are also asked to behold such examples of human excellency. To look upon them with constant and intense interest and without diversion or cogitation. Let every element of excellence be clearly discerned. "Seek to know the ground and source of their every noble quality." Discover the soil from which they have grown and the atmosphere in which they have unfolded their beauty. Find in them an impulse and motive to like excellency of life and character.

All who know Dr. Brown must have recognized that he possessed in unusually large measure the qualities mentioned by the Psalmist.

These lines aptly portray the lofty and majestic character of our "beloved physician" and friend:

As some tall cliff that lifts its awful form,
Swells from the vale, and midway leaves
the storm;
Though round its breast the rolling clouds
are spread,
Eternal sunshine settles on its head.

He is well described in these lines by J. G. Holland:

God give us men, a time like this demands.
Strong minds, great hearts, true faith
and ready hands;

Men whom the lust of office cannot kill,
Men whom the spoils of office cannot buy,
Men who possess opinions and a will;
Men who have honor, men who will not lie;

Men who can stand before a demagogue,
And scorn his treacherous flatteries without winking;

Tall men, sun-crowned,
Who live above the fog in public duty and
in private thinking;

For, while the rabble with their thumb-worn creeds,
Their loud professions and their little deeds,
Mingle in selfish strife,
Lo! freedom weeps,
Wrong rules the land,
And waiting justice sleeps.

The church was filled with the old friends of Dr. Brown from Island Grove and vicinity.

A quartet composed of Mrs. E. P.

Kirby, Mr. and Mrs. R. M. Hocken-hull and John L. Johnson of this city sang appropriate selections at the service held at Island Grove.

The pall bearers there were C. R. Murphy of Decatur, D. Rees Browning and John William Brown of Jacksonville, B. W. Brown and William Brown of Springfield, J. D. Smith of Island Grove and J. P. Smith and L. B. Smith of Jacksonville. All except Mr. Murphy are nephews of Dr. Lloyd W. Brown. The interment was at Island Grove cemetery.

NICHOLS PARK

Work to be Done and Present Appearance.

Although the grass is slow in starting, Nichols park already presents an attractive appearance. The bridge across the dam has been constructed and the grades to it have been made so that now access to the south part of the grounds is easy and more and more that part of the park will be frequented, as its many shade trees afford attractive resorts for picnickers and pleasure seekers in general. The pavilion is in fine shape, having gone through the winter with no apparent damage whatever and it will be a delight for many, it is hoped. This spring the commission mean to go to work as soon as possible setting out shade trees on the north half of the ground especially, have the driveways and paths all marked off and grading done as far as practicable. When this is done persons will be asked to keep within bounds with vehicles and all units in making the park what it should be, a place where all may enjoy themselves free of expense except getting there. Sooner or later a street railway will be constructed by some persons, the commission is confident, and then the question of transportation will be solved.

All persons are reminded of the fact that hunting at all times on the park grounds is not allowed.

Fishing cannot be permitted until the 20th of June. This measure is for the good of all, for all want the fish to propagate as fast as possible, and it is wrong and contrary to nature to catch fish at the spawning season.

The commission invites bids for the privilege of carrying on a lunch and refreshment place on the grounds the present season. All communications of this sort should be addressed to Thomas H. Buckthorpe, secretary of the commission.

Much anxiety is felt regarding the condition of the dam at the end of Morgan lake. It is leaning more or less and the spillway is in bad condition. The matter will have the attention of the commission and the city authorities and the best means taken to prevent any trouble. The city will have to look to the lake for a water supply in case of emergency and it will not be safe to let it suffer.

A COMMUNICATION.

Editor Journal: My attention has been called to the article in Saturday's Journal concerning Kittie Smith, the armless girl who was so long a ward of the Illinois Children's Home and Aid society. None too much can be said of the accomplishments of this girl. She is finely educated, accomplished, and would be an ornament to any society. One almost forgets the lacking arms as she looks into her lovely face, for she is a beautiful young lady. The writer has seen much of her silk embroidery, done by holding the needle in her toes, that would rival some of the best work of the most expert lady in Jacksonville. It would be worth while for every lady of Jacksonville to have a sample of it in her home. I suppose that they can be obtained by sending to her at South Whitley, Ind.

I have not seen her book, but those who could spare the money, could not help a more worthy person. Miss Smith writes a very good hand with her toes, and another good hand with her teeth. It would be a matter of interest to all to have a specimen of her writing, and when sending for her book it would be well to ask for it. Kittie Smith is another instance among thousands of others of a less marked character, showing the benediction that the Illinois Children's Home and Aid society has been to the unfortunate.

THE ASSOCIATED PRESS.
The Associated Press, of which
great news association the Journal
is a member, is the most complete
news gathering organization in the
world. The wires of the Associated
Press, used for getting and spreading
the news of the world, form a net-
work across the continent from St.
John, N. B., to Seattle, Wash., and
from Duluth, Minn., to New Orleans,
Gastevon and the City of Mexico.
The news it gathers during twenty-
four hours, from every part of the
world, amounts to thirty-five columns
of a newspaper of average size.
Seven hundred papers use this ser-
vice. Melville E. Stone, the vice
president and manager of the Asso-
ciated Press, has written of the or-
ganization, aims and workings of the
association; and the story will run
through several issues of the Century.
The April number tells of its op-
erations in Europe, and how its pres-
ent efficiency was brought about.
The present satisfactory conditions
abroad were gained only through con-
siderable diplomacy and through Mr.
Stone's personal presentation of the
matter to the pope, the president of
France, the emperor of Germany and
the king of Italy. Mr. Stone is an
Illinois man. He was born at Illi-
son, McLean county. He began his
newspaper work as a reporter on the
Chicago Tribune, and in partnership
with Victor Lawson, established the
Chicago News in 1875, selling his in-
terest to his partner in 1888. He
soon thereafter became general man-
ager of the Associated Press. He
now receives a salary of \$20,000 per
annum for his services.

Zion church, one mile east of Little In-
dian. The Sunday school is to be reorga-
nized. Every one interested should be
present.
Joe Litter has the grip.

this week.
A Modern Woodman worker is here in
the interest of the local lodge.
Rev. J. A. Murray and George Jokisch
are around soliciting subscriptions toward
building a church where the Eckman
chapel burned. This is a vicinity about
five to seven miles from any church ser-
vices and is badly in need of a church.
Many children there scarcely ever attend
church or Sunday school. It is hoped
every one solicited will respond and thus
aid in this part of the Lord's vineyard.
This is the east wing of the Literberry
circuit.
Some of the citizens are treating their
property to brick walks. The brick come
from the old foundation of the M. E.
church. The parsonage property is being
leased and repaired.

BLIND STUDENTS
PUT ON PLAY
"Cricket On The Hearth" Given
Excellent Presentation Before
Large Audience in Chapel of
School for Sightless Thursday
Evening.

The members of the L. O. A. and
Illinois societies of the State School
for the Blind presented the "Cricket
on the Hearth" in the institution
chapel Thursday evening before a
large and enthusiastic audience,
which taxed the capacity of the room
to the fullest extent. The work of
the blind students is always received
with hearty appreciation, and such
was the case last evening. The play
was given in three acts, with two
changes of settings. A stage was
improvised from the small platform
of the chapel, and though the space
was limited the properties were so
bestowed as to appear to the best ad-
vantage and made an excellent show-
ing.

All the members of the cast were
good and their performance was truly
wonderful, when the great handicap
under which they labor is considered.
Their movements, while necessarily
restricted to a narrow space, were
free and easy, their judgment of dis-
tances being so accurate that not even
the slightest mistake was discernible.
In the passages which called for more
or less action, the blind performers
displayed their powers to a remark-
able degree. All were equally good,
the pathetic passages being especially
commendable, while there was a run
of comedy sufficient to prevent mono-
tony.

Previous to the ringing up of the
curtain, Charles Comstock played a
selection upon the organ, Offertoire in
E flat (Bastide). Between the first
and second acts a vocal number was
given, "Yearnings" (Robinson), by
Artemus King, and after the second
act, a piano number by Victor Coats,
the "Dryade" of Jensen. All were
received with marked favor.

The programs for the evening were
in the raised print, such as the blind
use.

The cast of characters was as fol-
lows:
John Perrybingle, a carrier
W. Spillman
Mr. Tackleton, a toymaker
Otho Bushu
Caleb Plummer, his man
Frank Sullivan
Old gentleman Harry Zobel
Porter Artemus King
Dot Herbert Peterson

MATRIMONIAL

SMITH-NELSON.

The marriage of Mr. Henry F. Smith and Miss Ida Nelson, both of this city, was solemnized at the parsonage by Rev. R. F. Thrapp, pastor of the Christian church, Thursday evening at 8:30 o'clock.

She has many accomplishments and until recently was in the employ of Mrs. Wiseman, the dressmaker. She has a large number of friends who will wish her happiness.

Both are well known in Franklin and vicinity and have a large number of friends who will wish them a happy voyage over the sea of life.

CENTENARY REVIVAL.

Both the afternoon and night services Thursday were great victories of faith. The rain and threatening weather reduced the attendance, but the spirit of faith rose correspondingly.

The singing was participated in by everyone and all felt its inspiration. The prayers were burdened with a double desire, first for a deeper spirituality, and second, for the saving of sinners.

The sermon at night was by Rev. Mr. Schultze, pastor of the German Methodist Episcopal church. "Is Thy Heart Right with God?" was the text, which was handled with skill. It was a clear presentation of the fact of the natural sinfulness of the human heart, the fact and guilt of sin, its necessity for forgiveness and renewal of the heart through faith in Jesus Christ. There was no inquirer.

GEORGE CRAMPTON
CONCERT COMPANY

Will Appear at Grand Opera House This Evening—The Program—A Word About the Soloists.

MR. GEORGE CRAMPTON, Basso-Cantante: Mr. Crampton's voice is a basso-cantante, of most beautiful quality and wonderful compass. He is a graduate of the Royal College of Music in London, has sung in English, Italian and Wagnerian operas, has been a member of the private choir at Buckingham palace, has sung by royal command before the late Queen Victoria, has appeared as soloist with all the principal choral societies in England and Wales, and resigned the position of Solo-Basso of the famous choir of St. Margaret's, Westminster, to come to America, which will be his home for the future. Mr. Crampton's versatility is amazing and the dramatic power and intensity with which he invests his songs bring a new sensation and arouse his audience to the highest pitch of enthusiasm.

MADAME ALICE MYRON, Contralto: Is an artist with a reputation in Great Britain and America, and one of the most successful exponents of the wonderful art of the great teacher Georg Henschel. She has sung at the symphony concerts and the ballad concerts in London, and was also soloist for the tour of the Scottish orchestra. During the past two seasons she has devoted her art to oratorio concerts in America, and has made herself a favorite everywhere she has appeared. Madame Myron's voice is of unusual beauty, power and sympathy. She is versatile, and sings with equal charm an aria from grand opera, a simple ballad, and the daintiest music demanded in a popular program.

MRS. BLANCHE SAGE-HOLCOMB, Pianist and Accompanist: Mrs. Holcomb is not only a brilliant pianist, but has the rare talent of accompanying in a most satisfactory manner. She has played for Mantolli, Campanari, Remonyi and many other noted artists, gaining their enthusiastic commendation.

UDO GOSSWELLER, 'Celloist: This brilliant young Austrian 'celloist is considered by the highest musical authorities as the probable successor of Piatto and Hollman. His engagement this season as soloist with the New York Philharmonic orchestra, to play the Goldmann Concerto, is proof positive of his high reputation, and crowns the great success he achieved with the Pittsburgh orchestra. Herr Gossweiler has a very large repertoire, including the great concertos of Haydn, Schumann, Dvorak, and the simpler melodies and national dances.

THE DISCOVERER OF

SEVEN BARKS

Was, thirty-five years ago, one of Germany's foremost physicians, besides he was a celebrated botanist and chemist. His discoveries were many and invariably successful. Perhaps his most important discovery was that of the great and popular preparation called Seven Barks—extracted from the bark of a treacherous growth, this bark grows in seven layers, each division possessing wonderful individual curative values. One acts as a gentle cathartic, another as an alterative, the third as a diuretic, the fourth as an expectorant—while the other three layers produce wonderful, upbuilding tonic elements.

Most All Disease

Transmits from the drainage system (the stomach, liver and kidneys). When one of these organs becomes clogged or congested the other naturally suffer in sympathy, and it requires a thorough clearing and the restoration of a full and free action can again fully perform its natural function.

Seven Barks

Contain nature-giving principles that will effect immediate relief and, in good time, a permanent cure of all such disorders. One bottle will demonstrate its phenomenal value.

Talk with your druggist about it. He will back up all we claim. If you are ill and cannot spare 50-cents for a bottle, write a postal and we will send you a bottle free.

The Glory of Maternity.

Nature, if left alone, will cure for itself; this might have been true at some prehistoric time, but since for ages it has not been left alone, but has been bound down and fettered by the observances and mandates of society, it can no longer care for itself.

At no time does the truth of this appeal to us more strongly than at that period of a woman's life when she is about to become a mother.

Nature must be assisted at this crisis, and for this very contingency

MOTHER'S FRIEND

has been devised that the muscles and tissues imprisoned and weakened as they have been by the dress of our higher civilization, may fulfill without undue suffering and possible lasting harm, the functions for which the Creator intended them.

Mother's Friend by its kindly offices softens and relaxes these parts and enables the mother to be, to pass through the parturient period, and actual crisis with practically no suffering to herself and an easy delivery of her offspring.

It is applied externally as a massage, and is a non-irritating, soothing, and most efficacious liniment. \$1.00. All druggists. Our book "Motherhood" sent free on request.

Why Endure Pain

the excruciating misery of blind, bleeding, itching piles, when there is an absolute cure?

Dr. Perrin's Pile Specific is an internal remedy that painlessly produces a positive and lasting cure. Pleasant to the taste, it is absolutely free from opium, cocaine or other injurious drugs. Simply take a spoonful three times daily before each meal.

Dr. Perrin's Pile Specific
The Internal Remedy

For dyspepsia, indigestion, constipation, biliousness, catarrh of the stomach and kindred ailments it is the greatest remedy that has ever yet benefited mankind.

Think what a relief it would be to you to be rid of these troubles and to avoid the almost certain consequence of Piles.

Dr. Perrin Medical Co., Helena, Mont.

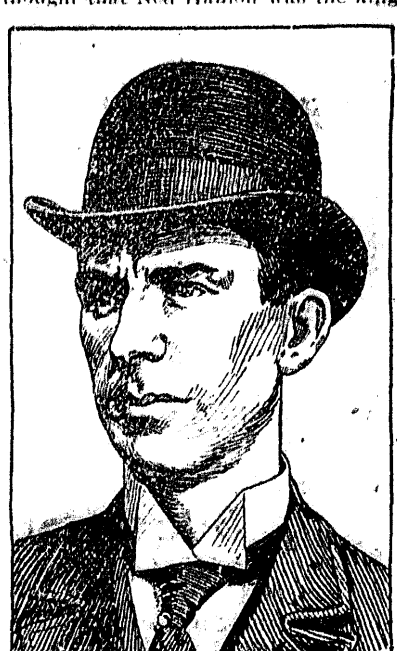

In order to prove to you that Dr. A. W. Chase's Ointment is a certain and absolute cure for any form of itching, bleeding, or protruding piles, the manufacturers guarantee a cure. You can use it and if it did not cure you your money back. Mr. Casper Walton, laborer, Michigan City, Ind., says:

"I work hard and lift a great deal. The strain brought on an attack of piles. They itched and bled and I was in great distress. Nothing helped them until I used Dr. A. W. Chase's Ointment. That cured them." See a box at all druggists or Dr. A. W. Chase Medicine Co., Buffalo, N.Y.

The SPORTING WORLD

High Praise For Mack.
The star third baseman, Dave Cross, hands Connie Mack, manager of the Philadelphia Athletics, this bouquet: "I have worked for a good many managers and until a few years ago thought that Ned Hanlon was the king of them all. But I now take my hat off to Connie, for I think that he is the wisest man in the business. He never overlooks anything, and from the standpoint of the player there is none better to get along with. I never have had any friction with him since I have been working with him, and signing my contract was only a formality, as we were both satisfied, and that was all there was to it."

CONNIE MACK.

Use of them all. But I now take my hat off to Connie, for I think that he is the wisest man in the business. He never overlooks anything, and from the standpoint of the player there is none better to get along with. I never have had any friction with him since I have been working with him, and signing my contract was only a formality, as we were both satisfied, and that was all there was to it."

Connie Is Billiard Champion.

Charles F. Conklin of Chicago, newspaper stereotyper and former expert baseball player, recently won the highest honors in the Class A amateur billiard tournament in Chicago by defeating W. H. Sigourney of San Francisco in the final game by a score of 300 to 231.

Conklin averaged 6 22-23 and had 31 for high run. Sigourney's average was 5 2-15, and his high run 40.

Conklin and Sigourney were tied for first place. Each had won five games and lost one. Conklin's only defeat was at the hands of the Californian two days before, while Threshole of Boston had beaten Sigourney earlier in the tournament.

Conklin was quick to get his stroke, and after two misses made sixteen points in the third inning. Sigourney had only scored two in his first inning, and Conklin came back with a run of 31 in his fourth inning, all made by difficult open table billiards. The score now stood 47 to 3. This gave Conklin a lead which Sigourney could not overcome. Both players realized apparently what was at stake and played safety and with little confidence.

Conklin increased his lead in the remaining innings and gave a fine exhibition of draw and open table billiards.

National Auto Circuit.

An auto racing circuit of national scope is now being planned.

The circuit will include Boston, Philadelphia, Providence, Syracuse, Buffalo, Cleveland, Detroit, Chicago, Cincinnati and Denver. Meets of three and four days will be held in all the cities except New York and Chicago, where the machines will race a whole week.

Promoters from these cities practically agreed upon their circuit at the Orlando-Daytona races. The circuit plan would abolish long jumps and reduce the big expense heretofore experienced.

The trouble was in the season past that a race meet would be held in New York one day and another in Chicago two or three days later, and then back to Buffalo a few days later. The jumps were too far apart, which meant big expense and considerable trouble.

It is proposed also to form an association to control these circuit races.

D. H. Lewis, secretary of the Buffalo Automobile club, is behind the move, with the other promoters supporting him.

Penn Football Dates Out.

The University of Pennsylvania football schedule is in the hands of the faculty for its approval. Columbia is down to play Pennsylvania on Nov. 18 in New York. The schedule: Sept. 30, Lehigh at Franklin field; Oct. 4, Gettysburg at Franklin field; 7, Swarthmore at Franklin field; 11, Franklin and Marshall at Franklin field; 14, Virginia at Franklin field; 21, Brown at Franklin field; 28, Lafayette at Franklin field; Nov. 4, North Carolina at Franklin field; 11, Harvard at Franklin field; 18, Columbia at New York; 25, Carlisle Indians at Franklin field; 30, Cornell at Franklin field.

Busy Abe Attell.

At the rate Abe Attell is making matches for the future he cannot expect to hit the toboggan for some time. He has signed with Benny Yanger, Tommy Morvatt, Frank Carney and by his defeat of Tommy Murphy will meet Frankie Neil.

The Boston Nationals.

President Soden of the Boston Nationals says he has not as yet decided on the makeup of his team for this year, except that Dick Cooley will stay. Dick is pretty good, but it seems as if about eight other men at least would be necessary.

Curley Supplies.

Curley Supplies of Buffalo, who several years ago was one of the best lightweights in the country, has received an offer from the Chicago university to take the position of assistant boxing instructor.

FOR THE LITTLE ONES.

Ten Dwarfs That Can Be Made Useful Servants.

"Well, Jane, how is it your house looks so clean today?" inquired Will Campbell, who was a friend of Jane's and lived across the street.

"Oh, it is quite easy, Will, so long as I have my ten little dwarfs to help me."

"And what do you mean by your ten little dwarfs, Jane?"

"Well, I guess I will have to tell you. When I was born I had ten dwarfs given me. These dwarfs always obey me. They help me in my sewing, help me in folding the linens, and they help some other people too."

CONDENSED STORIES.

Sam Houston's Comment on President Jackson's Dinner.

In England they have revived the old story of Governor Sam Houston. Houston was dining at the White House in Washington. For the first time in his life he tasted champagne, which proved much to his liking. Toward the end of the banquet olives were handed round, these being an article of diet also not contained in the governor's philosophy. He took an olive in his mouth and, not lik-

ing the taste, promptly returned it to his plate. Just then President Jackson looked down the table.

"How are you getting on, Governor Houston?" he remarked. There was a moment's silence as the distinguished assemblage looked with interested curiosity at this, to them, new specimen of manhood from a distant and then comparatively unknown part of the west.

"Well, president," the new governor calmly replied, "I like the cider, but I don't like your pickles!"

Ships That Passed at Sea.

Samuel J. Elder, the Boston lawyer who came to Brooklyn not long since to tell the New England society of that borough of the heaven of Puritanism, relates this story of a dialogue between the skippers of two vessels which met at sea:

"What ship is that?" roared the skipper of a little Gloucester schooner, hailing a great full rigged ship.

"Reindeer, Calcutta to Boston!" was the answer from the captain of the big ship. "Who are you?"

"Schooner Dart, from Gloucester," answered the schooner's skipper. "How long you out?"

"One hundred fourteen days," was the answer. "How long you out?"

"All night!" returned the Gloucester man, and he put his helm to port and scurried off to meet the rising dawn.—New York Tribune.

Spurgeon's Dream.

Mr. Spurgeon had a dream. He thought he went up to the gates of heaven and there he saw a great company of men marching through the gates into the city. On inquiring who they were that received such plaudits of welcome, he was told that they were the apostles and their successors.

"But," said Spurgeon, "I never was an apostle or a martyr."

Soon there was another vast procession that passed through the gates. Then he was informed that that vast multitude led by Zacharias and Mary Magdalene were the sinners that had confessed the name of Jesus.

The great preacher said, that in his dream he exclaimed to the angel:

"Thank God, I can enter heaven with the sinners!"

No Guardian Needed.

Senator Chauncey M. Depew was hurrying through the rotunda of the capitol the other day when he met Representative Sulzer of New York.

"Hello, Sulzer!" said the senator. "How's the guardian of Tammany?"

Mr. Sulzer drew himself up in his most Henry Clay manner.

"Senator," said he, "Tammany needs no guardian. It has lived and flourished for a hundred years. It has withstood storms and tempests and has always emerged victorious. Men may come—even senators may come—and men may go, but Tammany will abide forever."

Washington Post.

Enough Said.

Ex-Governor Levi P. Morton was discussing with a friend the other day the proper form of acceptance to invitations for receptions. He recommended the form adopted by a Mr. McCarthy, a gentleman living in the interior part of the state, who received an invitation to attend a reception at Albany from Governor Morton. Mr. McCarthy's reply was: "Yours received. I'll be there."

And no food had little doggie Nor a drink of water, But he did not grow the leaner Nor a bit the fatter.

Tumors Conquered Without Operations

Unqualified Success of Lydia E. Pinkham's Vegetable Compound in Cases of Mrs. Fox and Miss Adams.

Fannie Fox and Miss Luella Adams.

One of the greatest triumphs of Lydia E. Pinkham's Vegetable Compound is the conquering of woman's dread enemy, Tumor.

So-called "wandering pains" may come from its early stages, or the presence of danger may be made manifest by excessive menstruation accompanied by unusual pain extending from the ovaries down the groin and thighs.

If you have mysterious pains, if there are indications of inflammation ulceration or displacement, don't wait for time to confirm your fears and go through the horrors of a hospital operation; secure Lydia E. Pinkham's Vegetable Compound right away and begin its use and write Mrs. Pinkham of Lynn, Mass., for advice.

Read these strong letters from grateful women who have been cured:

Dear Mrs. Pinkham:—(First Letter.) "In looking over your book I see that your medicine cures Tumors of the Uterus. I have been to a doctor and he tells me I have a tumor. I will be more than grateful if you can help me, as I do so dread an operation."

—Fannie D. Fox, 7 Chestnut St., Bradford, Pa.

Dear Mrs. Pinkham:—(Second Letter.) "I take the liberty to congratulate you on the success I have had with your wonderful medicine."

"Eighteen months ago my monthlies stopped. Shortly after I felt so badly I submitted to a thorough examination by a physician, and was told that I had a tumor on the uterus and would have to undergo an operation."

"I soon after read one of your advertisements and decided to give Lydia E. Pinkham's Vegetable Compound a trial. After taking five bottles as directed, the tumor is entirely gone. I have again been examined, and the doctor would have to undergo an operation."

"I soon after read one of your advertisements and decided to give Lydia E. Pinkham's Vegetable Compound a trial. After taking five bottles as directed, the tumor is entirely gone. I have again been examined, and the doctor would have to undergo an operation."

Such unquestionable testimony proves the value of Lydia E. Pinkham's Vegetable Compound, and should give confidence and hope to every sick woman.

Mrs. Pinkham invites all ailing women to write to her at Lynn, Mass., for advice.

All diseases and affections of the SKIN

Positively cleared away in a hurry. I vouch for it.

Thousands of wretched people are miserable—imagining they have a bad poisoning of the blood—when in nine cases out of ten it is purely a local parasitic manifestation in the skin which can be cleared away in a hurry. Such misery now cleared away as surely as the sun shines above. Not merely ATTEMPTED—but a matter of improvement only—but a clearing of it all away absolutely—and quickly, too.

(Case of Sammy Minkey. Cleared away and entirely cured in 21 days. Fully proven to us.)

We vouch for this—absolutely.

It has been proven to us beyond the possibility of doubt that a new medicament known as D. D. D. clears up the worst skin affections quickly. Its work seems astonishing, amazing, almost miraculous. (It is a specific formula, which, because of its discovery by Dr. Decatur Dennis, is known as "D. D. D."). Its actual record sounds like a story of magic. But there is no room for doubt about it whatever; full proofs indisputable in every respect, have been submitted to us regarding hundreds of cases—among them the one case shown here of the boy (Sammy Minkey), who was cured in 21 days. The results are not only complete, but permanent; in this case it is now nearly two years since the disease was cleared out of the skin, and no taint of it has appeared since.

Each one of the known skin affections is parasitic in nature, and all of them have yielded to "D. D. D." The preparation is being used by most of the skin specialists. It is compounded for druggists solely by the D. D. D. Co., 70 Dearborn St., Chicago. It is utilized by every family physician who has taken the trouble to investigate the work it is accomplishing. It is used in the Cook County Hospital, Chicago.

It will clear away any parasitic break in the skin in from 3 days to 60 days' time. Visit the undersigned and see proofs that will make you a happier human. \$1.00 buys the prescription—already made up in sealed bottles, with authentic label on each.

CONTEST IN DECLAMATION

Miss Clara Moore Won First Place in Competition for Ayers Prizes—Miss Mary Ladd Was Second—Fine Program—Large Audience.

The contest in declamation for the John A. Ayers prizes by the girls of the senior class of Whipple academy drew a large audience to the Jones Memorial building Thursday evening. The program was one of unusual excellence and those who took part acquitted themselves creditably. Miss Clara Moore was awarded the first prize and the second honor went to Miss Mary Ladd. Principal R. O. Stoops presided and the invocation was asked by Dr. A. B. Morry, pastor of State Street Presbyterian church.

The judges were Mrs. P. C. Thompson, Miss Stella Seybold and Principal Glasgow of the high school. The girls were trained for this contest by Mrs. R. O. Stoops and their work showed the effective instruction that brought forth many deserved compliments.

The winners in this contest will represent Whipple academy in the joint contest in declamation and debate, to be held between Knox academy and Whipple some time next month.

The debaters in this contest will be decided at a debate to be held this evening, when the question for discussion will be, "Resolved, That it would benefit the country if the tariff were removed from articles manufactured or controlled by trusts."

DEATH RECORD

LEWIS.

Austin Fernandes Lewis, aged 80 years, one of the oldest Portuguese residents of this city, entered into rest at his residence on North Diamond street Thursday afternoon at 2:30 o'clock. Mr. Lewis was born in the Island of Madeira and came to this country with the original exiles in the year 1840. He was a sturdy and industrious citizen and was ever held in the highest esteem and regard. For over twenty-five years he was employed as janitor by the school board and his faithful and efficient service made him a valued employee of the board, the teachers and pupils of the old Second ward building, which stood where the high school building is now located.

Mr. Lewis was for many years a member of the Portuguese Presbyterian church and in his death the community has lost a good citizen.

He was married in Waverly soon after coming to this country to Miss Genevieve Roderick, of Waverly, by whom he is survived. Eight children, five daughters, Mrs. Annie DeSilva of this city, Mrs. Lena Schuetz of Carlville, Mrs. Martha Batty, Miss Maggie and Miss Kate Lewis of this city and three sons, Joseph of Springfield, John and Frank of this city. One brother residing in Madeira, also survives.

The funeral will be held Saturday afternoon.

ALLEN.

Mrs. Rebecca Allen, widow of the late Jesse Allen, died at the home of her daughter, Mrs. Mary Riley, on South Diamond street Thursday morning at 9:35 o'clock, after an illness of some duration. She was 66 years of age. Her husband preceded her in death just five weeks ago, and she never recovered from the shock of his sudden death. Two daughters survive, Mrs. Cyrus Curtis of Waverly and Mrs. Mary Riley of this city, and one son, Frank D. Allen of Girard.

Funeral services will be held at the residence Saturday afternoon at 1:30 o'clock, after which the remains will be taken to Waverly for interment.

HAMILTON.

Mrs. Wade Hamilton, of 419 South Sandy street, passed away at 6 o'clock Thursday evening. Mrs. Hamilton was born in Paris, Tenn., and came to this city in 1864. She was married in 1865 to Wade Hamilton, who survives. She was an earnest Christian and had been a consistent member of the A. M. E. church of this city for over thirty years.

The funeral will take place Saturday morning at 10:30 o'clock at the church.

AT THE MISSION.

A stereopticon entertainment was given at the South Side mission Thursday by S. W. Nichols, for the benefit of the mission. A good audience was present, considering the unpleasant weather, and the greatest appreciation of the views was manifested.

POLICE NEWS.

Charles Fanning was arrested Wednesday evening by Policemen Dailey and Preston for obtaining goods under false pretenses. He bought a bill of goods in the Montgomery & Deppa store Saturday evening and gave them a check on the Carroll bank for \$12. The clerk who waited upon him gave him his change and Mr. Fanning left the store immediately. When the firm took the check to the bank they were told that there were no funds in the bank to the credit. Mr. Montgomery then swore out a state warrant for the arrest of Fanning. He was arrested at his home on Routt street Wednesday evening and in default of \$200 bond he was taken to the city jail. He will have a hearing before Squire Arenz Monday morning at 9 o'clock.

CIGAR TALKS

How Armstrong & Armstrong Can Sell as Good a Cigar as the Chico for 5c.

"You want me to talk about cigars?" said Mr. Armstrong of Armstrong & Armstrong to a Journal reporter.

"I think the better way is to let our cigars talk for themselves," he continued. "There is one cigar in our case, the Wadsworth Bros. Chicago, which is doing a lot of talking, even shouting. I consider we are fortunate in getting the agency for it, as it is in reality equal to any 10c cigar, and it costs only 5c. You see we buy it direct from the maker, and the middleman does not get any profit. At any rate, it is becoming the best seller in our case, and people who heretofore would have nothing but a 10c or even 15c cigar, ask for a Chico, and say they like it. Better try one yourself and see how good it is."

SENIOR VOICE RECITAL.

The senior vocal recital of Miss Cuba Minerva Carter, a pupil of Miss Kreider of the College of Music, was given in the chapel of the Woman's college Thursday afternoon at 4 o'clock. Had I Jubal's Lyre," was admirably sung and reflected great credit upon Miss Carter. Her last group number also deserves especial mention.

The program was as follows:

Aria—Oh Love, Thy Help! (Samson)

a. Nina.....Pergolesi

b. Es blinlt der Thau.....Rubinstein

INTEREST IN REVIVALS.

The St. Louis Post Dispatch has the following in a recent issue regarding the work of Rev. James Smith, the evangelist. Mr. Smith is a nephew of Mrs. T. D. Eames of this city:

"Evangelistic services are being conducted this week at the German Presbyterian church at Tenth and Rutger streets. The Rev. James R. Smith of Chicago preaches every night, except Saturday, at 7:45. Sunday services are held at 10:30 and 7:45, while special meetings for women will be held on Friday afternoon at 3 o'clock and for children on Tuesday and Friday of next week at 3:45. The meetings will conclude next week.

"Large numbers have been attending Mr. Smith's meetings, and increasing interest is being shown in these revival exercises.

"Speaking of the successful evangelistic efforts now visible in many parts of the world, Mr. Smith said: 'An explanation may be found in the fact that the people have grown tired of the many attempts to supersede Christ's teaching with man-made philosophies. In 1876 the great Moody and Sankey revival started and spread to England. That was the year of great financial disturbances. Upheavals of all kinds in social life caused discontent and heart searchings. A prominent minister here said last week to me: 'I have been here for thirty years, but have never seen such a general desire for united prayer.' People are coming back to the simple work of God."

For ten years Mr. Smith was minister in the south side of Chicago.
